

WHY CHOOSE US

Healthcare at home can make a great impact in the life you live with your family and the community you live in.

Knowing how best to acquire the health care services enables you to co-exist with others. Diamond Home Healthcare can help you understand your medical situation and provide the support you need in the most efficient way possible.

Choosing **Diamond Home Health Care, Inc.** gives you an advantage because:

- We only employ caring, certified professionals with integrity, commitment and passion to deliver our care services.
- We strictly maintain the quality of the care services to meet state standards.
- We will match your care requirements with a care provider, therapist, care giver, nurse or health care professional that you are comfortable with.
- Our services are flexible and can be adjusted according to your recovery status and the prescriptions from your physician.

Experienced & Professional

Home Healthcare Provider

Medicare
Certified Homecare Agency

We are here for you! 24-hour care

Our highly qualified and compassionate multi-disciplinary staff is available 24/7 to meet all your care needs.

Personal Attention

We are dedicated to delivering exceptional care, providing excellent client service, and upholding the values of treating all clients with dignity and respect. Our registered nurses and therapists collaborate with you, your family, and your physicians to create and implement a personalized care plan that suits your unique needs and preferences.

At-Home Care

Our dedicated caregivers form a close partnership with you, your family, and a team of professionals to facilitate your ongoing independence, self-esteem, and the delivery of top-notch supportive care right in the familiar surroundings of your home. Our commitment extends to enhancing your physical, emotional, and spiritual well-being, all while striving to earn your trust.

Professional Staff Selection & Training

To become a member of Diamond Home Health Care, each staff is required to demonstrate professional expertise and current knowledge of the latest methods and techniques in home health care treatment. Staff members must also show genuine sense of caring, commitment, and passion for the work they do and loving concern for clients and their families' needs.

Referrals

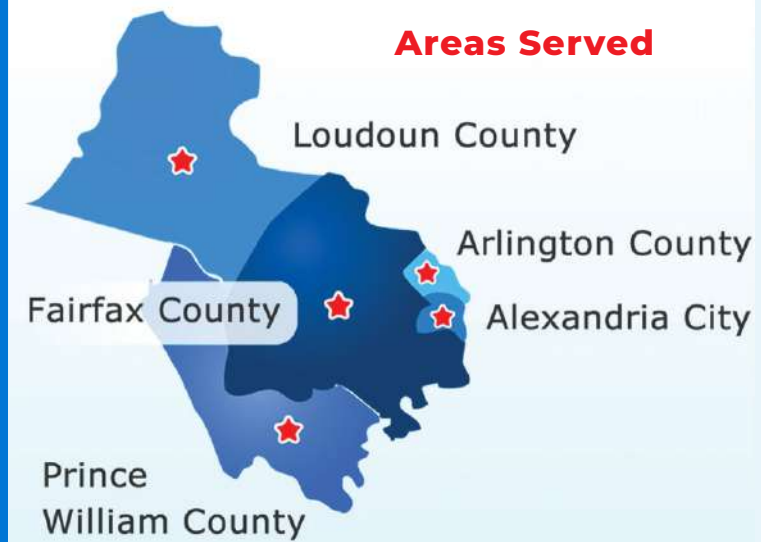

Physicians, discharge planners, social workers, case managers in local hospitals, nursing homes, and doctors' offices can count on our high quality of care, responsiveness, and a smooth transition from institutional care facilities to the home environment. We work collaboratively on referrals to achieve positive patient outcomes.

Referrals are admitted within 24 to 48 hours. **Diamond Home Health Care** has staff on call 24/7 to answer questions and respond to problems or needs. Individuals and families may contact **Diamond Home Health Care Agency** directly to determine how our services can be used for any sick or disabled person either after being discharged from a hospital stay or as an alternative to hospitalization or nursing home care.

Diamond Home Health Care provides skilled nursing and personal care services to all clients regardless of sex, race, color, religion, sexual orientation or national origin.

Diamond Home Health Care utilizes a team approach to ensure the highest level of quality care for our clients. We look forward to serving your home health care needs.
